

Long Range Development Plan Advisory Groups

Community Integration

Meeting #2 – January 7, 2016

Agenda

1. Introductions / warmup
2. Review advisory group assignments
 - Recap results of Meeting #1
 - Purpose of meeting/review agenda
3. Advisory group discussion
4. Public comment (signup to speak)
5. Next steps
6. Closing exercise

Introductions

- ❑ Name
- ❑ Organization

Framing Principles

Framing principles are on the back of your agenda!

OSU-Cascades Community Engagement

Long Range Development Planning

Framing Principles

- Organize an open, transparent and well facilitated community conversation that includes a **wide range of ideas and perspectives** to contribute to long-range campus design.
- Establish a clear, **well defined assignment for the advisory groups**, clarifying their role is advisory.
- Seek broad advice rather than consensus on future development of the OSU-Cascades campus. **A range of perspectives is acceptable and valued.**
- **Build on earlier recommendations** produced by the Campus Expansion Advisory Committee and related task forces.
- Acknowledge and honor OSU-Cascades' decisions and commitments to date regarding campus planning. **Focus discussion on long range development planning for the selected site**, rather than facilities and architectural design.
- Design and conduct an **efficient process that respects time commitments** of advisory group participants and staff.

Schedule

- ✓ **November 18** Advisory Groups Joint Orientation Session
- ✓ **December 3** Community Integration Advisory Group Meeting
- January 7** Community Integration Advisory Group Meeting
- January 21** Advisory Groups Joint Sharing Session

Long range development plan: Process and timeline

Jan 2016

Selection of design team

- Top design teams present high level approach
- Community groups provide input on teams and concepts

Community Integration Strategic Questions

1. What emerging trends will shape the future for community integration?
2. How should OSU-Cascades define community-wide livability? What are the key components?
3. How can the community benefit from the OSU-Cascades campus? What concerns should be addressed?
4. What should be the **character** of the interface **between the university and surrounding neighborhoods and resource areas**?
5. For access – amenities – open space – landscape – housing – transportation – parking – what should be the **high level priorities given** to the campus design team?
6. What **barriers confront OSU-Cascades for community integration**, and how can they be overcome?

Meeting #1—Highlights

- OSU-Cascades will be an **economic engine** that vastly reshapes the community and the well-being of its inhabitants. However, the benefits of the University can only be fully realized through thoughtful integration of the campus with the community.
- The **most challenging problems** to address are **traffic congestion** and **student housing**, which are closely related.
- **Neighborhood livability** is also anticipated to be a problem and can only be mitigated through an ongoing total commitment by OSU administration, faculty and students.
- OSU-Cascades can learn much from the **failures and successes of many other campuses**.
- The boundary between the neighborhood and campus should be “soft”, with a transition area where the campus and community merge.
Community members should feel welcome on-campus.

Benefits of OSU-Cascades Campus

Increased diversity

Access to education

Younger, vital population

Diversification of the economy

Cultural
enhancements/performances

Local educated workforce

Global viewpoint

Human capital/labor pool

Intellectual stimulation

Retaining local youth

Higher level of sustainability

Attract more outside dollars

Higher density; better transit

Attract new businesses

Leadership

Beehive for Bend's economy

Concerns

Housing:
availability/pricing/condition

Traffic congestion/parking

Safe passage for bicycles &
pedestrians

Demand on services, parks
trails, habitat

Security/terrorism

Political change

Quality of life

Noise

Light pollution

Alcohol usage

Intergenerational conflict

Polarized neighborhoods

Discussion—Question #4

What should be the character of the interface between the university and surrounding neighborhoods and resource areas?

Discussion—Question #5

For access – amenities – open space –
landscape – housing – transportation –
parking – what should be the high level
priorities given to the campus design
team?

Discussion—Question #6

What barriers confront OSU-Cascades for community integration, and how can they be overcome?

Public Comment

- ❑ 15 minutes total for public comment
- ❑ Each person who signed up gets 3 minutes
- ❑ Additional written comments invited

Thank you for your feedback!

Closing Remarks

Next Steps

Sharing Session

January 21 – 4:00-6:00 p.m.

Aspen Hall (18920 Shevlin Park Road)

Draft summary by January 14:
comments please!

What happens on and around the future campus?

Write on a sticky note your favorite program or activity for campus.

Place it on campus, around campus or in the larger region.

Adjourn

Thank you!
