11:07pm Review agenda

Jade went over the agenda and timelines for the meeting. Jade explained that art club coming in for funding for conferences. Discussed how lots of professional developmer goes for the design conference. Committee discussed it might be a good idea to fund the art club to save funding that is for professional development.

The current status of the art club is that it has 20 people including leadership team/ 16 people in club.

JP let us know that funding was previously cut for conferences for clubs and it might n be fair for clubs that were not allowed to go conferences.
Kristen let the committee know that there is a student discount for design conference. Lastly

We also discussed that some sort of subsidy could be used to help pay for conference

11:15pm art club

Tessa came and showed the committee her proposal for funding. She explained that Bend has a great art community and that the art program is growing. These funds would help the club gain campus visibility and infuse creativity. Events will be open to all students and Professors and community leaders have expressed interest in leading the

events. The Art club would use some funds to go around town to local events maybe a student show. 20 people currently in club. The club has low barrier to entry to join club no special skills are needed.

Tessa went over budget: included meetings (\$80), film screening (\$300), workshops (\$200), banners (\$250), business cards (\$200), reading/materials (\$100), community (\$100), bend design conference for 8 members (\$720)
