

# OSU-CASCADES INNOVATION DISTRICT REMEDIATION PHASE1

## WEEKLY PROGRESS REPORT

11/20 to 11/24/23

### WEEKLY SUMMARY

This week Knife River focused their excavation in Area 1 hauling waste to the Area 3 screen. Knife River had high production days on Monday & Tuesday. With many employees getting a head start on their holiday on Wednesday, this gave Knife River an opportunity to make improvements to their haul roads. With freezing temperatures approaching, having a gentler crossing will make travel safer for drivers and pedestrians.

### POINTS OF EMPHASIS

- Pedestrian safety & flagging
- MSHA Crusher Zone
- Area 1 waste depth exploration
- Freezing temperatures

### UPCOMING ACTIVITIES

- Process borrow material into 2"-0
- Continue excavating Area 1 and screening waste in Area 3
