

Arts, Media and Technology (BA/BS) Central Oregon Community College Transfer Guide

Arts, Media and Technology: Program Overview

OSU-Cascades Campus offers a Bachelor of Arts (BA) or a Bachelor of Science (BS) in Arts, Media, and Technology. This program provides students with the required skills needed for the contemporary visual arts and design fields. Specifically, the degree provides students with skills in digital imaging, video, design, interactivity, gaming, and 3D output as well as basic visual studies fundamentals in creative communication, color theory, image output and display.

The AMT program creates a unique educational experience within Oregon by providing a trans-disciplinary curriculum; traditional studio practice combined with communication and entrepreneurship coursework while also instilling technical practices for professional application. This coursework provides graduates with the content knowledge, experience, and technological skills that employers argue are necessary to be competitive in the 21st century arts and design industries and communities.
