

# COCC Information for Degree Partnership Program Students

OSU is the home institution and COCC is the secondary institution. Students who choose to take courses at both campuses need to be familiar with both campuses policy, procedures and structure. This document provides information about COCC for dual-admit DPP students.

## Select Your COCC Courses

If you plan to take COCC courses as a DPP student at both COCC and OSU-Cascades, you need to make sure you are taking the correct courses.

Use the Transfer Guides for Bacc Core and your major program of study to ensure you are selecting the correct courses.

## Writing and Math Courses

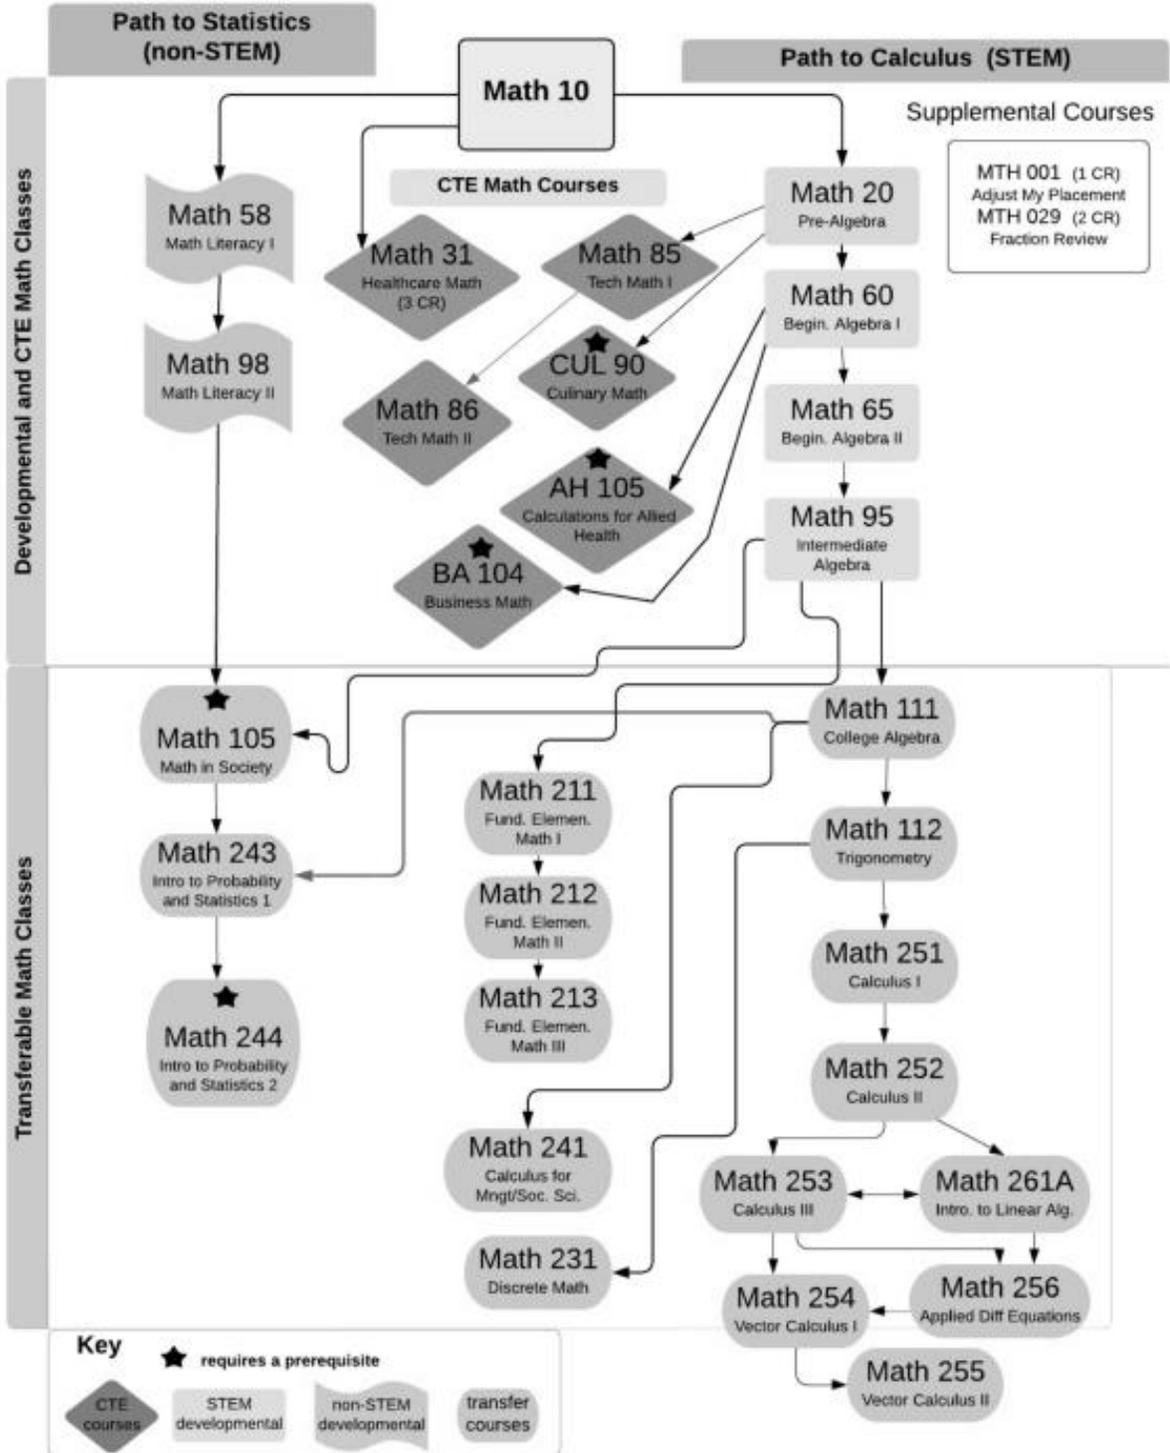

The COCC Writing and Math Course Sequence flow charts shown here are tools to help you understand the courses you will take to meet the writing and math requirement(s) for your degree.

- **Locate your writing and math course placements or equivalencies** (course completed). DPP students use your OSU ALEKSs test score to determine math placement and are placed into WR 121.
- **Use your OSU-Cascades Major Checklist** in the catalog to see what writing and math courses are required for your degree. Find the courses on the charts on these pages. EACH MAJOR HAS SPECIFIC, REQUIRED MATH COURSES. Use your OSU major checklists to identify the courses to you need to take
- **Starting with where you placed**, follow the arrows through the flow chart to the writing and math courses required for your degree.

## COCC Policies and Procedures

**Snow Closure Policy**

The philosophy of Central Oregon Community College is that classes will be held except under extreme adverse conditions. We realize that there are times when road conditions on campus are acceptable, yet travel from some parts of the District may be inadvisable. We expect individual students to make whatever decisions are necessary for their own safety.

If conditions are questionable, College officials will attempt to make a decision by 6 a.m. as to whether or not to hold morning classes or close the college. If conditions change during the course of the day, decisions on later classes will be made as early as possible.

With all decisions, announcements will be made through "COCC Alert", the College's emergency notification system, and through the media. The COCC Alert phone recording (541-383-7777) and COCC switchboard (541-383-7700) message will be updated as soon as a decision is made; a message will be put on the COCC website and all media outlets will be notified.

The College may make separate decisions for the four campuses. Unless specified, however, any announcement about the College shall be interpreted to mean all campuses. Any decision made for one of the campuses will impact all classes and all events on that campus.

**Educational Records/Directory Information**

Enrollment Services - Records maintains all official academic records of enrolled students including transcripts, registration forms, and transfer credit and degree evaluations. COCC follows the Federal Health Education and Welfare Guidelines for the Family Education Rights and Privacy Act of 1974 - Pell-Buckley Amendment (FERPA) which gives students attending post-secondary institutions the right to inspect their educational records and gives college's permission to allow some student information to be shared with the general public.

Learn more at <https://www.cocc.edu/departments/disability-services/confidentiality-and-ferpa.aspx>

**Smoking**

Possession of tobacco products and inhalant delivery systems by persons under the age of 21 is prohibited in all Central Oregon Community College buildings and grounds. Use in parking lots adjacent to buildings and 25 or more feet away from the building by persons over the age of 21 is permitted. Smoking will be banned completely during high fire danger periods.

“Persons” in the above paragraph is defined as all students, employees, volunteers, visitors, vendors, and contractors. Exceptions to this policy are made for a person for whom a tobacco or nicotine product or a substance to be used with an inhalant delivery system has been lawfully prescribed.

### COCC Alert: Emergency Notification System Information

COCC Alert sends text, emails and voice alerts to quickly communicate emergency information. Alerts are also sent when the college is closed or classes are delayed due to weather or road conditions.

Credit Students and Adult Basic Skills (ABS) Students:

If you are registered in at least one credit or ABS class, you are automatically entered in COCC Alert.

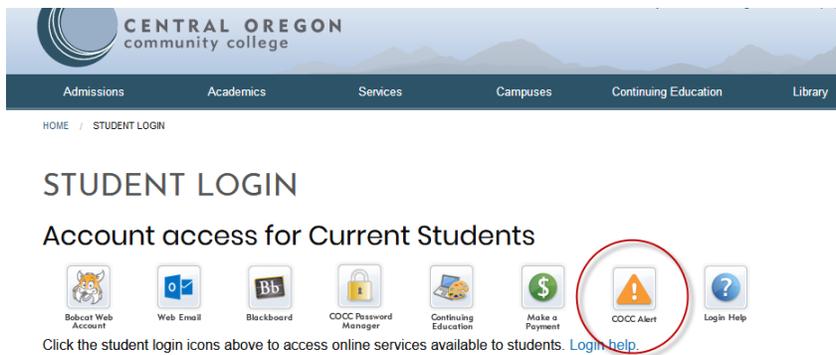

You will always receive an alert to your COCC Email address
