Elsie Charles - Club Leadership Coordinator

Jacob Wargo - Secretary Study

Emmerson Donnell - Junior Class Representative

Zaquary Funderburk - Freshman Class Representative

Kristen Martin – Advisor

8:00am -- Review Meeting Minutes

8:05am – Campus Development Applicant Introduction

Daniel Gaxiola is a master's in counseling student who is requesting funds in order to attend the second phase of EMDR therapy training. He is asking for \$445.00 for the training.

8:15am – Daniel Gaxiola

Daniel already attended the first phase of the training, paying out of his own pocket. He currently has an internship in child and family therapy. In order to use the treatment, he is required to go through the second part of the training. His service to campus was planned to be a presentation to other grad students, but the committee would like for the service to campus to be open to all students. His ask for \$445.00 is just to cover the cost of the training.

8:30 – Campus Development Applicant Discussion

Again, the question of setting a cap on conferences was discussed, it was also acknowledged that we should do a better job advertising to undergraduate students as well as setting a specific date to review applicants, so it isn't first come first serve. This discussion was tabled for a meeting in the near future. Daniel did have a good case for receiving funding, especially since he already attended the first conference with his own money.

The vote to approve Daniel Gaxiola's request passed 8-0-0

8:50am – “Big Buckets”

There is new information to the committee that student fees available for us to allocate are lumped in with other pools of money. Our money is a pool that is added onto year after year, and the accountants are unable to communicate how much money we have available to us.

We went over Kristen's recommendations (sent over email) for how we could restructure our spending. We also discussed lowering the campus development and club funds.

The meeting was adjourned at 9:35 AM
