

Exploratory Classes in OSU-Cascades Majors

The following classes were chosen based on their overview of subject matter and few or no prerequisite classes. As much as possible, classes that count towards ultimate program degree requirements or general education requirements were chosen to maximize efficiency toward a four-year degree. Not all are offered each term. Check with your advisor for details. The 100/200 level classes are available at COCC. The 300/400 level are available at OSU-Cascades.
