Course and Instructor

Course Median—

This is the course median score for that particular class and section. Report this as your score for Q1 & Q2.

Department Median—

This is the median of all courses in your department for that term (see back page for definition of department). For all UG courses, this is the median for all 100, 200, 300, and 400 level courses. For graduate courses this would be all 500 and 600 level courses. Report this score as your department median for Q1 & Q2.

University Median—

The median includes all OSU undergraduate or graduate courses offered in a particular term across all delivery methods (including eCampus) at all locations.
