OSU-Cascades Community Engagement Long Range Development Planning

Framing Principles

- Organize an open, transparent and well facilitated community conversation that includes a **wide range of ideas and perspectives** to contribute to long-range campus design.
- Establish a clear, **well defined assignment for the advisory groups**, clarifying their role is advisory.
- Seek broad advice rather than consensus on future development of the OSU-Cascades campus. **A range of perspectives is acceptable and valued.**
- **Build on earlier recommendations** produced by the Campus Expansion Advisory Committee and related task forces.
- Acknowledge and honor OSU-Cascades' decisions and commitments to date regarding campus planning. **Focus discussion on long range development planning for the selected site**, rather than facilities and architectural design.
- Design and conduct an **efficient process that respects time commitments** of advisory group participants and staff.
