

Long Range Development Plan Advisory Groups

Sustainability

Meeting #2 – January 7, 2016
9:00am- 12:00 pm

Introductions

- Name
- Organization
- Warm up

Framing Principles

Framing principles are on the back of your agenda!

OSU-Cascades Community Engagement

Long Range Development Planning

Framing Principles

- Organize an open, transparent and well facilitated community conversation that includes a **wide range of ideas and perspectives** to contribute to long-range campus design.
- Establish a clear, **well defined assignment for the advisory groups**, clarifying their role is advisory.
- Seek broad advice rather than consensus on future development of the OSU-Cascades campus. **A range of perspectives is acceptable and valued.**
- **Build on earlier recommendations** produced by the Campus Expansion Advisory Committee and related task forces.
- Acknowledge and honor OSU-Cascades' decisions and commitments to date regarding campus planning. **Focus discussion on long range development planning for the selected site**, rather than facilities and architectural design.
- Design and conduct an **efficient process that respects time commitments** of advisory group participants and staff.

Agenda

1. Introductions
2. Recap of process and meeting #1 findings
3. Advisory group discussions: 3 strategy issues
4. Public comment (signup to speak)
5. Recommendations
6. Closing remarks
7. Invitation to Sharing Session: January 21 – 4:00-6:00 p.m.

Long range development plan: Process and timeline

January 29 Advisory Group Reports

Long range development plan: Process and timeline

Jan 2016

Selection of design team

- Top design teams present high level approach
- Community groups provide input on teams and concepts

Sustainable Strategic Questions

1. What **emerging trends** will shape the future for sustainability?
2. What **steps** can be taken to achieve OSU-Cascades sustainability goals for transportation, energy, water and waste (e.g., Net Zero Waste)?
3. How do we **measure success**? Which sustainability scorecard is best suited for OSU-Cascades (STAR or alternative)?
4. What **promising collaborations or community partners** could help OSU-Cascades achieve sustainability goals?
5. What **barriers** confront OSU-Cascades for sustainability, and how can they be overcome?

Sustainability Advisory Group Discussion Highlights: Dec 3, 2015

- As a **living laboratory**, the campus has the opportunity to model and be a hub for a community focus on sustainable **policies in practice** for the reduction and regeneration of water, energy and natural resources used by and on the campus.
- A curriculum focused on promoting and innovating sustainable practices will **attract unique students, faculty, and corporate investment** to benefit the university, the participants and the community.
- OSU-Cascades needs to **develop and communicate its sustainability business case** for community-wide understanding and support of the university as an innovative, catalytic and collaborative partner.

Sustainability Advisory Group Discussion Highlights: Dec 3, 2015 (cont'd.)

- The culture of the campus should **embrace social equity** with permeable boundaries and **sustainable funding** for all students.
- Landscaping, building and infrastructure **design should promote community and business integration, engagement and the enhancement of entrepreneurial, economic, and community livability** standards. The bar needs to be high.
- An **effective monitoring system** will provide timely and valued feedback to all campus participants on sustainability programs, policies, and activities.

Discussion—Question #3

- Which sustainability score card is best suited for OSU-Cascades (STAR or an alternative rating system)?

Discussion—Question #4

- What promising collaborations or community partners could help OSU-Cascades achieve the sustainability goals?

Discussion—Question #5

- What barriers confront OSU-Cascades for sustainability and how can they be overcome?

Public Comment

- 15 minutes total for public comment
- Each person who signed up gets 3-minutes
- Additional written comments accepted

Thank you for your feedback!

CLOSING REMARKS

Next Meeting

Thursday, January 21
