

Long Range Development Plan Advisory Groups

Sustainability

Meeting #1 – December 3, 2015

Agenda

1. Introductions / warmup
2. Review advisory group assignments –
3. Long Term Development Plan: Process & Timeline
4. Recommendations from Campus Expansion Advisory Committee (CEAC) and task forces -
5. Advisory group discussion
6. Public comment (signup to speak)
7. Advisory group observations
8. Review agenda for next meeting: January 7, 9:00-12:00n

Introductions

- Name
- Organization
- Warm up

Long range development plan: Process and timeline

Draft

Sustainable Strategic Questions

1. What **emerging trends** will shape the future for sustainability?
2. What **steps** can be taken to achieve OSU-Cascades sustainability goals for transportation, energy, water and waste (e.g., Net Zero Waste)?
3. How do we **measure success**? Which sustainability scorecard is best suited for OSU-Cascades (STAR or alternative)?
4. What **promising collaborations or community partners** could help OSU-Cascades achieve sustainability goals?
5. What **barriers** confront OSU-Cascades for sustainability, and how can they be overcome?

Framing Principles

Framing principles are on the back of your agenda!

OSU-Cascades Community Engagement

Long Range Development Planning

Framing Principles

- Organize an open, transparent and well facilitated community conversation that includes a **wide range of ideas and perspectives** to contribute to long-range campus design.
- Establish a clear, **well defined assignment for the advisory groups**, clarifying their role is advisory.
- Seek broad advice rather than consensus on future development of the OSU-Cascades campus. **A range of perspectives is acceptable and valued.**
- **Build on earlier recommendations** produced by the Campus Expansion Advisory Committee and related task forces.
- Acknowledge and honor OSU-Cascades' decisions and commitments to date regarding campus planning. **Focus discussion on long range development planning for the selected site**, rather than facilities and architectural design.
- Design and conduct an **efficient process that respects time commitments** of advisory group participants and staff.

Meeting Agendas

Meeting #1 Dec 3

- Review previous advisory group work
- Discuss strategic questions 1 and 2
- Advisory group observations

Meeting #2 Jan 7

- Recap Meeting #1
- Discuss strategic questions 3, 4 and 5
- Advisory group recommendations
- Closing remarks

Previous CEAC & Task Force Focus on Sustainability

1. *The “preamble” from OSU-C’s 2011 Sustainability Plan*
2. *The sustainability “look and feel” document from the CEAC Sustainability Task Force*
3. *The Net Zero Case Statement*
4. *TNS Sustainability Primer*
5. *Powerpoint presentation of the final CEAC Task Force recommendations*
6. *CEAC Recommendations (Policy vs Physical Considerations)*

Sustainability Task Force Recommendations

2011 OSU-Cascades Sustainability Plan Mission:

OSU-Cascades will demonstrate an unwavering commitment to shaping a future that is socially, economically and ecologically sustainable.

- Embrace, teach, and model sustainability in all aspects of our university.
- Create a campus culture of sustainability that is embedded in the thinking and activities of all stakeholders (students, faculty, staff, and administration)
- Deliver its mission without the need for continual facilities growth.
- Support and encourage services and the delivery of courses that significantly reduce the need for fossil fuel-based commuting

NL Task Force – Public Safety Recommendations

3/13/2014

- Adopt a high bar, aspirational sustainability vision.
- Adopt task force recommendations for key design elements
- Adopt a social equity action plan.
- Initiate a collaborative EcoDistrict project for the campus and surrounding neighborhoods, in partnership with the City of Bend and other key local governmental and community partners.
- Incorporate the EcoDistrict into the master plan request for proposals and planning process.
- Adopt a sustainability performance measurement system and action plan.

Net Zero Building Initiative: A Sustainable Campus

- Showcases long-term financial viability, efficient and renewable resource use, and social equity ;
- Is **a better long-term investment** than building to code;
- Makes **good financial sense**.
- Be **net-zero energy ready** and demonstrates the **highest standards of resource** (energy, water and waste) **use**.
- Become a world class leader and innovator in the fields of higher education, environmental design and sustainability.

Discussion—Question #1

What emerging trends will shape the future for sustainability at OSU-Cascades?

Discussion—Question #2

What steps can be taken to achieve OSU-Cascades sustainability goals for transportation, energy, water and waste (e.g., Net Zero Waste)?

Public Comment

- ❑ 15 minutes total for public comment
- ❑ Each person who signed up gets 3-minutes
- ❑ Additional written comments accepted

Thank you for your feedback!
