General Suggestions for Your Clinical Experience

- Supervision Assist is the only OSU-Cascades program-approved platform for recording and storing videos.
- Consult with your supervisor immediately if you believe you need to make a mandatory report.
- Be open to consultation, feedback, and/or ideas when you are unsure how to address a presenting concern or on-going clinical need for one or more of your clients. When in doubt, engage in an ethical decision-making process.
- Always remember to maintain the confidentiality of your students and clients.
 - Clinical Mental Health Students: This includes while utilizing electronic health record platforms or Supervision Assist..
 - School Counseling Students: Maintaining the confidentiality of your students can be challenging in school environments in which there exists a large number of diverse stakeholders, often possessing conflicting interests. Be diligent!
- Once you have received written permission to record a session, record the session on Supervision Assist. Keep the signed consent form with for future reference.
- Always be alert to your environment and the hearing range of others when asking a question or discussing clinical information.
- Be intentional with the information you chose to consult about or discuss with others about your client(s). Sharing information related to your client/student should be de-identified before consulting.
- Be prompt to class, group supervision, individual/triadic supervision, your site, and all professional appointments.
- Dress in a manner befitting a professional in your environment (e.g., shower and dress appropriately). Talk with your supervisors about what appropriate dress is.
- Never provide counseling services via email or text; neither are secure forms of communication.
 - **Texting with students/clients and/or friending them on social media is prohibited.**
- School counseling students: Do not provide transportation for students at your practicum or internship site under any circumstances. It is important to know your school site's policies regarding student meetings.
- Do not miss an appointment:
 - Clinical mental health students: if an emergency prevents you from being at an appointment telephone the client or another counselor to make other arrangements. This is your responsibility.
 - School Counseling Students: telephone your school counselor site coordinator, along with your supervisor. Schedules are set for practicum students for being in the classroom, conducting small groups and individual students. A peer will need to step in and cover your classroom time.
- Hour logs and other paperwork will need to be completed throughout your internship. Make sure your paperwork is completed properly and on time. Always keep a copy for your own records.
- Constantly stretch yourself, look for new techniques to assist your client(s) and seek support as a means of expanding your clinical acumen. Read books, watch videotapes, attend workshops and conferences, search the internet for reliable sources, review information in the library or electronically through the library's online resources. Talk to program faculty, supervisors, other students, or doctoral students to gain insight.
- Focus on the fundamentals: nonverbal communication, feeling reflections, paraphrasing, active listening, curiosity, and goal setting (helping the client/student determine steps to get to where they want to be, etc.).
- A major challenge of counseling is to find ways of effectively integrating who you are as an individual into your role as a developing professional counselor. Take appropriate, intentional, and supervised risks.
- Maintain your own health and wellbeing, seek support as necessary (see *ACA Code of Ethics*, Section C.2.g; F.8.b). Seek out your own personal counseling. Ultimately, it is also important to remember that you are on a journey of discovery. Set reasonable expectations for yourself and what you wish to accomplish. Stretch yourself, but not to the breaking point.

Internship

In this section, you will find information that was developed by faculty and counselors-in-training to help interns successfully navigate their way through the final stage of their program. As such, this document shows that professional success is a collaborative endeavor that calls for experienced professionals to mentor developing professionals, and for developing professionals to take on greater professional responsibility.

Case Presentations

The case presentation serves several purposes. The assignment provides the student with the opportunity to reflect on how the therapeutic experience impacts them, experience in writing a case conceptualization, and presenting a case as can be expected in an agency setting. It is also an opportunity for the student to get feedback (and for observing students to learn how to provide feedback) regarding counseling and reporting skills.

- Clinical Mental Health students: Each student is required to make six (over three quarters) to eight (over four quarters) oral case presentations across internship. These presentations will be roughly 30 minutes in length, though this may depend on your instructor. **Presentations must include video excerpts from recent sessions, demonstrating identified counseling skills.**
- School Counseling students: Each student is required to make six to eight oral case presentations across internship, with each format building from the previous presentation. These presentations will be about 30 minutes in length, though this may depend on your instructor. **Presentations must include video excerpts, demonstrating identified counseling skills.**

Quarterly Expectations

Be sure you have all necessary signatures on all paperwork. Typically, you must complete your hour log form, dispositional evaluation, and clinical skills evaluation during week 10 of the quarter. Be proactive! Remember to have all of your recorded sessions erased before the last day of the last week of the term. Failure to submit paperwork by the end of the term may result in an “Incomplete” grade.

- **Keep a copy of all of your hour log for your records. This is your responsibility.**

Again, Supervision Assist is the only OSU-Cascades program-approved platform for recording and storing videos.

Counseling People You Know

You may know some potential clients and wonder whether it is okay for you to counsel them. Other questions may come up regarding seeing relatives of people you know or relatives of clients you have. To resolve such issues, refer to the ACA and/or ASCA Ethical Standards, engage with an ethical decision-making process, and consult with your supervisor. *You should consult with your university or site supervisor about any potential situations that may include dual relationships.*

Endangerment

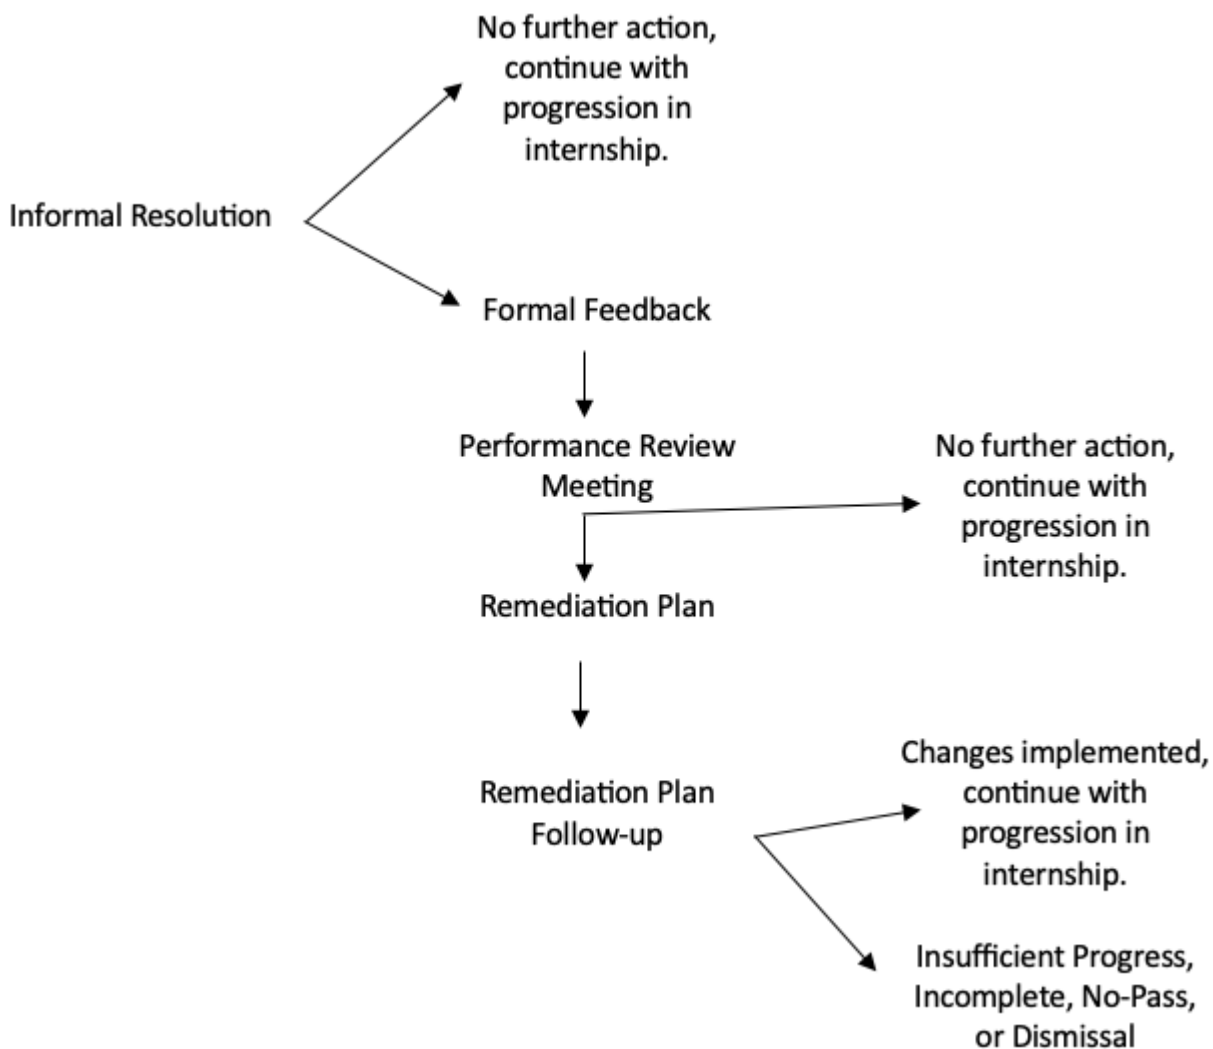

No MCoun student or faculty member is expected to be in a position of endangerment as a function of teaching or learning. Any faculty member or student who believes there is a risk of endangerment should take immediate steps to remove themselves from the situation. The individual should report the situation and attendant circumstances to the site and/or University supervisor.

In the event that a client threatens significant harm to self or others, please follow the protocol as determined by your site. The event should be documented in writing at the earliest possible moment and you should notify your site supervisor immediately. In such instances, proactive measures are pursued to provide assistance to the client/student and the intern.

Remedial Practicum and Internship

In alignment with processes outlined in the Student Handbook, student remediation procedures follow ethical guidelines from the American Counseling Association 2014 *Ethical Code* related to gatekeeping and remediation, evaluation of students, and limitations. Students receive quarterly evaluations on their skills and dispositions. It is possible students may receive feedback in addition to the quarterly evaluation.

Students must earn an average score of “3” or higher within each skills evaluation category and cumulatively on the disposition evaluation. Otherwise, the student will receive either an Incomplete/No-Pass with Remediation or a “No Pass” in the course. For students enrolled in COUN 514 and COUN 515 who earn a No-Pass grade, the accrued direct and indirect hours across the term will not be counted. Supervisors should incorporate multiple experiences of the student (supervision content, group supervision, observation of interactions with peers and clients, etc.) to assess students, and record dates of observation of skills/competencies. Remediation for practicum and internship follow the procedures outlined in the student handbook. Please refer to the student handbook for additional details and information. Below is a brief outline of remediation procedures.

Hours

Quarterly hour logs must be **signed by the site supervisor, university supervisor, and student before the end of each quarter**. Students are responsible for uploading the logs to the MCoun Program page during the last week of each term. **The university supervisor will review the logs, along with the quarterly evaluations, and sign each, before submitting final grades for the term.**

- **Clinical Mental Health Students may not accrue direct hours during academic breaks.**
- **School Counseling Students must receive prior approval from their site supervisor and campus instructor. Direct hours cannot be accrued without supervision.**

Note: It is important for students to keep copies of all hours logs and evaluations for their own records.

Total Hours include: Counseling Direct Contact Hours include (which can include shadowing if you participate in the session) + individual supervision hours + group supervision hours + indirect site activities.

Record the amount of time you spend with clients (direct hours), supervision, and indirect site experience hours. The term “client” refers to any person receiving services including students, parents, teachers, or patients.

- At the end of each term, hour logs (activity logs) must be uploaded to the MCoun Program Canvas page.
- Failure to upload signed, accurate quarterly hours logs may result in an incomplete grade, failure to progress to the following quarter, and/or delayed graduation.
- Misrepresenting your hours may result in dismissal from the program.
- All hours must be tracked and approved through Supervision Assist.

Counseling Direct Contact Hours include: Individual counseling hours + career counseling hours + group counseling hours + group psychoeducation hours + intake and assessment hours + crisis intervention hours + family counseling hours. They are therapeutic in nature and consist of **face-to-face and/or voice to-voice** communication.

Individual Supervision Hours include: An average of one hour per week spent with your official site supervisor discussing your development as a counselor and your counseling interactions with clients at the site. Supervision may be conducted as a triad (i.e., two supervisees and a supervisor), but not as group staffing. The ideal format for supervision is face-to-face and includes review of a recent recording of a counseling session. Supervision should cover skills, conceptualization, personalization, and professional identity development. You should plan, negotiate, and advocate at your site to receive these experiences. Consultation in passing (also known as drive-by supervision) is not a viable alternative to real supervision.

Should you encounter difficulty in scheduling / receiving individual supervision on site, your first step is to advocate directly with your site supervisor to develop an appropriate schedule. If that is not successful, your university supervisor and/or internship coordinator will be available to consult with you and assist you in ensuring you receive adequate supervision. If the situation is not remedied in a timely manner, you will not be able to continue to see clients on site until adequate supervision is provided. Supervision counts toward your indirect hours.

Group Supervision Hours include: Time spent in COUN 514 & 515 group supervision internship class on campus. Some sites may have you also participate in their own group supervision. Group supervision must equal an average of 1.5 hours per week for the terms you are registered for internship regardless of the number of credits. Supervision counts toward your indirect hours.

Indirect Site Activities include: Activities at your site that are not direct counseling contact, but are related to client service, site support, or your development as a counselor. These hours can include case management, staff/faculty consultation, family consultation, in-service or trainings, site/client-related paperwork, site-related administrative duties, advocacy, teaching or instruction, etc.

Supervision and Direct Contact Hours Internship

- Minimum Individual Supervision Hours = 1 hour per week average
- Minimum Group Supervision Hours = 1.5 hours per week average

Winter	11	16.2/week
Spring	11	16.2/week
Total:		=600

*School Counseling Interns hours to complete =600, 240 of the 600 are direct hours.

A minimum of one hour per week of **individual supervision** is required **on site** by the onsite supervisor. Approximately 1.5 hours per week is required for **group supervision**, which occurs on campus. The student and the internship supervisor will determine specific schedules of internship hours jointly. This schedule should provide the student with the minimum of **600** hours of supervised clinical experience, **240** of which must be **direct client contact hours**.

Clinical Mental Health Students:

General Responsibilities include facilitating times and places for all meetings with your site supervisor. In general, meetings should be arranged well in advance with the first meeting being arranged within the first two weeks of your internship experience. This also includes completing and turning in all assigned coursework and internship forms.

- Students are expected to spend approximately 24 to 30 hours per week (based on a 3-8 credit internship class) for a minimum of three academic terms at the internship site. You can designate how those hours are distributed over each term. You may want to consult with your advisor as you formulate your plan, taking into consideration the total number of credits you are taking each term, full-time/part-time status, and financial impact of additional credit hours. For example, summer internship term coincides with 3 additional courses (9 credit hours) for full-time students. You may choose to take 3 internship credit hours to bring your total to 12, taking more internship credit hours in fall, winter, and spring when you only have 6 other credit hours required.
- You must complete **24 total credit hours** of internship.

School Counseling Students:

General Responsibilities include facilitating times and places for all meetings with your site-based supervisor. In general, meetings should be arranged well in advance with the first meeting being arranged within the first two weeks of your internship experience. This also includes completing and turning in all assigned coursework and internship forms. Knowing that things come up during the school day, plan ahead of deadlines for turning in required forms (needing supervisor signatures).

- Students are expected to spend at minimum 15 hours per week (at least two and one-half full days to three days), for the three academic terms, at the internship site for a minimum of three academic terms.
- **You must complete 15 total credit hours of internship.**
- School counseling interns begin their internship just prior to the beginning of the school year (i.e., late August) when their site supervisor begins their school year. This time at the beginning of the school year is an orientation to the site and experiencing the beginning of the school year routine. This is a job shadow/job orientation. The hours will count as indirect hours.

Internship Experience at the different school Levels.

- School counselors earn licenses at the K-12 level. You might be hired at any of the levels (elementary, K-8, middle or high school). Therefore, it is beneficial to have school counseling experience and knowledge at multiple levels. One way to do this is to have two placements during internship at two different levels, along with experiencing practicum at the third level.
- You will work with the practicum and internship coordinator, the school counseling program coordinator, and/or your advisor to help decide your placements.
- Teachers Standards and Practice Commission (TSPC) abide by the following Oregon Administrative Rules that dictate standards. The internship experience is an opportunity to meet many standards and OAR's that school counselors (and other educators) are required to meet in order to obtain your Preliminary School Counselor License.
- OAR-017-1026 English Language Learner (ELL) Knowledge, Skills, Abilities and Disposition for all educator preparation candidates, faculty and programs.

School Counselor Preliminary License.

- During your time in the program, you will have completed various core assignments that meet CACREP and TSPC School Counseling Standards. While you are completing your internship throughout the year, you will develop and complete a portfolio. Explanation and support on the portfolio will be ongoing throughout your internship.
- Before graduation, you will submit an application on the TSPC's website. You will first set up an account before completing an application. The link for the application is: <https://apps.oregon.gov/TSPC/eLicense>

For School Counseling students interested in supervision and earning your LPC:

Oregon State Regulations on Supervisors for LPC Candidates (Post-Degree) OAR 833-020-0050

The original, signed document will be turned in to the internship instructor by the student and placed in the student's permanent internship records file. A copy of the student's log of hours must accompany each quarterly evaluation.

OSU Faculty

- The OSU Internship Instructor and/or the OSU Practicum & Internship Coordinator will be available to consult with the site clinical supervisor about the student's progress and development, or any other issues that emerge during the student's placement.
- The Internship Instructor will collect and review the Performance Evaluation form and discuss student progress and goals with the student.

- For School Counseling students: ****TSPC Supervision** requires that the university supervisor will conduct at least four visits/consultations with the student and site supervisor over the course of the academic year (at least one each quarter). During each visit or consultation, the site-supervisor, university supervisor and student will discuss student progress and goals/or review the Quarterly Evaluation Form. If the university supervisor who conducts site visits is not the internship instructor, it is important for the university supervisor and internship instructor to also maintain communication on student intern's progress. **The site supervisor will contact the internship instructor (if different from the university supervisor conducting site visits) when questions or issues arise in between the official site visits.**
- The Internship Instructor will consult with the student's advisor as required or needed.
- Students will upload their hour logs on the MCoun Program Canvas Page and provide any other necessary materials to Donna Harris each quarter.

Frequently Asked Questions about Internship

What do I do if I have more than one internship site?

- Each internship site will require a designated supervisor who provides individual/triadic site supervision (total supervision will be minimum 1 hr/wk divided between sites).
- Both site supervisors and sites must have a placement application in Supervision Assist. You will need to keep log hours specific to the site in Supervision Assist. Your hour log must be signed by both/all site supervisors, university supervisor, and yourself and turned in quarterly.
- You will need to have a clinical skills evaluation and disposition evaluation completed for each site by each site supervisor. These must be signed and turned in quarterly.

I'm not getting client/student hours! What if I don't get enough hours?

- In the summer, it is not unusual for interns to spend most of their internship time in training, shadowing, and other indirect service activities. If you have few summer direct hours, an average of 8 direct hours/week for fall/winter/spring terms will still get you to 240.
- If, however, by mid fall you are not on pace for getting 6-8 direct hrs/week, consult with your site supervisor, your university supervisor, and internship coordinator (in that order) to develop a plan of action.

I'm not getting consistent supervision and my supervisor is not available to me when I need them. What should I do?

- Bring this concern to your university supervisor immediately. They, in coordination with the internship coordinator, will have conversations with the site supervisor(s) to ensure that you are getting adequate support.
- If no acceptable change occurs, you may be removed from the site and placed in a new internship site. It is rare that this step is required, and only occurs when all other avenues for acceptable solutions have been exhausted.

My site wants me to work over school holidays, but I need a break. Do I have to go to internship?

- No. It is program policy that you are not on site during university recognized holidays and academic breaks.

I've finished all my hours, and it's only winter term. Do I have to do internship in spring term?

- Yes. It is the program's expectation that you complete internship through spring quarter. With approval from your advisor and site supervisor, there are unique circumstances in which you may exit internship before the end of spring term. In this rare event, it is essential that you provide adequate notice to your site to ensure that your clients are not adversely impacted by an early departure. Client abandonment is an ethical breach.
- If you have received approval and you choose to leave before the end of the anticipated internship term, you must work out a timeline to ensure continuity of care, as this is part of your ethical obligation.
- You must ensure you have enrolled in the required credits to graduate (24 for CMHC; 15 for SC).

My internship site has offered me a job. Can I take it?

- It depends. Consult with the internship coordinator for clarification based on your specific situation.
- Some sites will allow interns to also be employees, some will not. Accepting an offer of employment may, in some cases, result in the end of your internship with that site. There is no guarantee that another site would be available, and you may need to delay completion of internship to the next academic year.
- If you have completed your internship requirements, and wish to transition to employee status, that is between you and your site. You may not, however, take a position that requires a completed Master's Degree in Counseling until such a time as your degree is complete or accept a position that requires licensure (LPC, or LPC-A), until those requirements have been met. Consult with the OBLPCT for more information about LPC-A and LPC requirements.

Formulario de permiso / consentimiento de los padres para la práctica de consejería escolar

Estimado Padre / Tutor,

Mi nombre es [su nombre] y estoy matriculado como estudiante de Maestría en Consejería en Oregon State University Cascades en Bend, Oregon. Actualmente estoy en mi pasantía de consejería escolar (COUN 515), que incluye trabajar con estudiantes en [nombre de la escuela]. Estoy bajo la supervisión del consejer/administrador de la escuela, [nombre del consejero o administrador de la escuela]. Puede comunicarse con ellos en el [número de teléfono del supervisor del sitio] o por correo electrónico en el [correo electrónico del supervisor del sitio]. También estoy bajo la supervisión del [supervisor nombre] en Cascades de la Universidad Estatal de Oregon. Puede ser contactado al [] o por correo electrónico a []. Debido a mi capacitación, mis supervisores pueden preguntar acerca de nuestro asesoramiento con fines confidenciales de supervisión y capacitación. De vez en cuando, puedo encontrar útil consultar con otro personal profesional de la escuela sobre un caso. Si no se opone, no le hablaré de estas consultas a menos que crea que es importante nuestro trabajo conjunto.

El propósito de este documento es brindarle información sobre mis servicios de consejería escolar, que pueden incluir consejería individual, en grupos pequeños y en grupos grandes. Si tiene alguna pregunta sobre la firma de este documento y / o desea una copia de este documento, por favor pregúnteme y le proporcionaré esta información. La unidad de Consejería de Oregon State University Cascades requiere que obtenga su firma (y / o la de su padre / tutor), reconociendo que le he proporcionado esta información, antes de proporcionarle cualquier servicio profesional. Puede finalizar este Acuerdo en cualquier momento.

Puede haber beneficios y riesgos al participar en el asesoramiento. La consejería puede mejorar la capacidad de un estudiante para relacionarse con los demás, proporcionar una comprensión más clara de sí mismo, sus valores y sus metas personales y académicas. La consejería a menudo conduce a mejores relaciones, soluciones a problemas específicos y una mejora significativa en los sentimientos de angustia. La consejería también puede provocar sentimientos incómodos. Por favor entiendan que no hay garantías de lo que va a experimentar. Por favor discutir cualquier pregunta que pueda tener con mí. Usted tiene el derecho a preguntar acerca o rechazar cualquier parte de su asesoramiento.

Mi objetivo es ayudar a los estudiantes a lograr los objetivos de la consejería, no abordar cuestiones legales que requieran un enfoque contradictorio, como los procedimientos de divorcio o custodia. Las personas (y / o padres o tutores) que ingresan a la consejería están de acuerdo en no involucrar al consejero estudiantil, al supervisor del sitio o de la universidad, u OSU en procedimientos legales o judiciales ni a intentar obtener registros de tratamiento para procedimientos judiciales o legales contradictorios. Esta política evita el uso indebido del asesoramiento con fines legales.

En algunos casos, su dependiente puede necesitar ayuda inmediata cuando yo no esté disponible. Estas emergencias pueden involucrar pensamientos de hacerse daño a uno mismo oa otros, o pensamientos de cometer actos peligrosos. Si usted o su dependiente se encuentran en una situación de emergencia y se encuentran en la escuela, comuníquese con el sitio o con la información del supervisor de la universidad. Si, por cualquier motivo, esa opción no está disponible para usted, comuníquese con los recursos comunitarios de salud mental disponibles y / o proporcionados por la escuela.

La ley protege la privacidad de todas las comunicaciones entre un cliente y un consejero. En la mayoría de las situaciones, solo puedo divulgar información sobre nuestra relación profesional si usted (y / o su padre / tutor)

firma un formulario de autorización por escrito. Hay algunas circunstancias en las que un consejero debe compartir información sin un estudiante o padre / tutor consentimiento. Estas circunstancias son inusuales. Si por ejemplo una situación surge, yo voy a hacer todo lo posible para plenamente discutir que con usted antes de tomar cualquier acción y a limitar la divulgación de lo que es necesario. Estas circunstancias están definidas por la ley del estado de Oregon e incluyen lo siguiente:

- Si me entero de una intención específica de lastimarte a ti mismo oa otra persona, o de cometer un acto de violencia, es responsabilidad del consejero protegerte a ti y a los demás. El consejero informará a un miembro de la familia, la víctima prevista o la policía, según corresponda.
- Si me entero de que se ha hecho daño o abuso a un niño (de 17 años o menos), una persona mayor , una persona discapacitada o una persona con una enfermedad mental, el consejero hará un informe obligatorio a las autoridades correspondientes.
- Si me citan o me ordenan que testifique en el tribunal o que presente registros, es posible que tenga que brindar información sobre usted sin su permiso. En caso de que la situación surgir, me voy a hacer un esfuerzo de ponerse en contacto con usted. Si no estoy disponible, el instructor y / o supervisor clínico divulgarán esta información o comparecerán ante el tribunal.

Declaración de reconocimiento

He leído, o me han leído, la información anterior y he tenido la oportunidad de hacer preguntas al respecto. Entiendo mis derechos a la confidencialidad, las excepciones a mis derechos a la privacidad y que existen riesgos asociados con el asesoramiento.
